

Beautiful People

Because our dreams matter

Beautiful People's Dream Fund Helps Our Mentees Achieve Their Dreams!

"Being a beneficiary of the programme at Beautiful People for under-privileged teens and young adults, I have been very fortunate to receive the love and concern from the volunteer group. It is one of my goals in the future to repay this kindness, I will work towards giving back through projects particularly benefitting under-privileged children contributing my time, effort and monetary means. This is to make a difference in someone's life just as I have been impacted in my own life." ~ Shirley Lee, graduate

Beautiful People's first mentee to graduate from University!

Twenty-two year-old Shirley Lee has been part of our My Beautiful Life programme since 2009, while she was a resident at The Tent. This mentoring programme helps our mentees find meaning and purpose in life and to work towards fulfilling their dreams.

An orphan since the age of 12, Shirley has worked despite all odds to see herself through her studies, first at ITE, then at the Polytechnic, before qualifying for her Accountancy studies at the Singapore Institute of Management – Royal Melbourne Institute of Technology. A determined and ambitious young lady, she worked a number of jobs during her studies in order to graduate, but reached an impasse in her final year of university studies.

Beautiful People's Dream Fund embarked on a special donation drive earlier this year to help Shirley achieve her dream to complete her degree, and this August she graduated with a Bachelor's in Accountancy, and has since found a job with an auditing firm!

Shirley is just one example of the many hundreds of lives Beautiful People has touched since we launched in 2006.

You can be part of our mentoring journey by donating or joining us as a mentor.
