

Beautiful People

Because our dreams matter

Every year, about 20 of Beautiful People's mentees are unable to continue their education. Often, they have to shoulder the heavy responsibilities of work and school if they want to complete their schooling.

Beautiful People's Dream Fund supports our mentees' educational pursuits, and brings them closer to achieving their dreams and independence.

The Dream Fund provides 49% of mentees living and school expenses, while mentees work for the remaining 51%. They are also encouraged to 'pay it forward', either through contribution back to the fund or through service to Beautiful People and the community.

Erra and Nisha's are two mentees whose lives have been impacted for the better by the Dream Fund.

Dream Fund has helped me a lot. The allowance that is given to me weekly is for my school pocket money. I only work part-time at KFC earning less than \$200 per month, working during weekends and school holidays. This is not enough to support myself and my family. I use the Dream Fund allowance for school food and other stuff. Now I can focus on my work and to give my family some money.

The Dream fund also helps me in terms of paying for my ITE fees, which is very expensive. Dream Fund has taught me how to save some money for myself in the future.

I would like to thank my mentor and Dream Fund for giving me financial support and motivation to continue study for my future and to achieve my dreams.

Erra

NITEC in Sound Engineering, future Sound & Light Engineer

Before Erra became a Dream Fund recipient, she worked part-time at KFC, sacrificing her weekends and school holidays to earn about \$200 a month – an amount that wasn't really sufficient for her living and education expenses.

Dream Fund has helped me in many ways by covering my meals, transport and for my school items that burdened family. Without the Dream Fund, I cannot go to school or pay my transport or even buy my school items. I hope Dream Fund can continue to support my education.

Nisha

Present Dream Fund Mentee, future IT Specialist

Nisha struggled to pay for her school necessities and was almost unable to complete her education. It was hard for her to afford textbooks, stationery and even daily transportation to and from school.

With the weekly pocket money received from the Dream Fund, they can now focus better at school, with less worry about earning their expenses from part-time work.

The Dream Fund also teaches them the importance of learning to budget and save. Above all, the Dream Fund gives them the support and motivation to continue studying for their future, and that of their families.

Your donations to Beautiful People's Dream Fund will assist more mentees like Erra and Nisha to receive the education they need to achieve their dreams!

Every **\$7,500** raised empowers a mentee to complete her secondary school or NITEC education/ skills based course certification programme

Every **\$15,000** raised enables a mentee to receive a diploma in 3 years

Every **\$25,000** raised gives a mentee a chance to receive a degree in 3 years

This year, Beautiful People aims to reach the goal of

\$100,000

by 31 December 2020 to assist 20 more mentees achieve their educational goals

We have raised

\$64,500

from
Ishk Tolaram Foundation

\$18,180

from
47 donors

\$10,000

from
Tan Chin Tuan Foundation

We are only
\$7,320
short of our target!

[Donate to our Dream Fund to help us achieve our target!](#)

As Beautiful People is an Institution of a Public Character (IPC), all donations made by 31st December 2020 are tax deductible.

Spread the word to let your friends and family know how they can help.
